

West High 5

Common Core State Standards for Literacy in All Subjects and the Standards for Mathematical Practice say that in order to be career, college and community ready, students must:

Reading Standards:

1. Read closely to determine what texts say and make logical inferences; cite evidence from text to support conclusions. (CCSS:R1)
2. Determine central ideas/themes from texts and analyze them; summarize key details. (CCSS:R2)

Writing Standards:

3. Write arguments to support claims; using valid reasoning and relevant, sufficient evidence. (CCSS:W1)

Speaking & Listening Standards:

4. Prepare for and participate effectively in collaboration with diverse partners; express your ideas clearly and build on others' ideas. (CCSS:S/L1)

Standards for Mathematical Practice:

5. Make sense of problems and persevere in solving them. (CCSS:M1)
